ARMITAGE

OPTICIANS

At Armitage Opticians, your vision and eye health are at the heart of everything we do.

You will always receive the very best care and you can be assured that our highly skilled optometrists will help you find exactly the right eye care and eyewear solution for your needs.

To further support our commitment to you, we have developed our **Precision Eyecare Plan**

Your plan has five main benefits for you:

1. Offers more regular eye health checks and more frequent progress checks on eye conditions than baseline NHS options
2. Offers easier and more frequent free access to your optometrist
3. OCT state of the art scans and test free on every visit
4. Offers better value than a 'pay as you go' service and allows you to spread the cost with a small monthly payment
5. Reduces your eyecare, frames and contact lens costs
